

Second Chance Border Collie Rescue

Christmas 2011 Newsletter

Another Holiday season is upon us and as we look back over the year, we are grateful that Bella, now named Lucy, and Dave have found their forever home. Foster dog Joey is still with us and has made great improvements in his behavior, but is still a work in progress. Chance is being fostered by the Maxwells, our new foster home and Speck, our senior citizen is loving her country home with Laura Wentz.

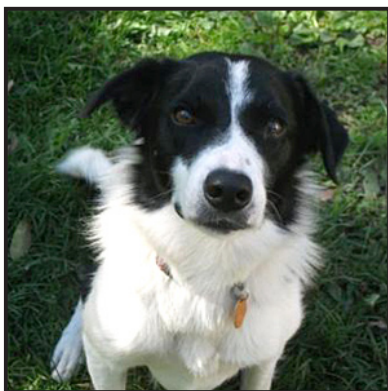

The Wisconsin Working Stock Dog Association graciously allowed us to have a table at their annual stock dog trial over Labor Day weekend. We met a lot of wonderful border collie owners and thanks to a donor was able to sell some gently used sheep knickknacks, pictures and toys. Their website www.wwsda.org lists clinics, fun days and trials. The border collie is the premiere working dog and to see them in action is truly amazing.

Our great webmaster, Julie has set up a Facebook page for us. If you are on Facebook, please check it out: www.facebook.com/#!/2ndChanceBCRescue and you can add your own dog's picture for all to see. We love hearing from our adopters and seeing the pictures, especially holiday pictures (hint hint).

Laura Wentz has a special place in her heart for canine senior citizens and took in Dave, a 10 year old who she fostered and happily he has found his forever home.....Speck, her current 14 year old was taken from a situation that had her living in an unheated shed. We arranged transport for her to be brought all the way from South Dakota, as her story touched our hearts and we could not leave her in that situation. She is now living her golden years warm, well fed, and with plenty of sheep poop to smell!

We welcome donations at any time, but especially around the holidays. Our wishlist includes a dog coat, chewie toys, treats, flea and tick medication or a money donation to go toward other medications from the vet. We have a PayPal button on our website www.2ndchancebordercollierescue.org We are a 501 (c) (3) organization.

*Wishing you and yours the happiest of holidays and a New Year of peace, prosperity and compassion.
Laura Everson, RoseMarie Riedl, Laura Wentz and...*
