*******Meet Heidi*******

A concerned dog lover alerted us to our new foster girl, Heidi. She had noticed her at a stable where she boarded her horses. Heidi had been injured by after being run over by an ATV and consequently was attempting to walk on three legs. Without adequate medical care, this poor little girl would be facing a lifetime of pain and disability. She has been taken into our rescue and brought to a specialist who has recommended immediate surgery. This prognosis looks good, and along with plenty of rest and physical therapy she should make a full recovery.

Our fundraising is now focused on being able to pay for the cost of her surgery and care. Please, if you can help, even a small amount will go a long ways toward her healing process.

For your convenience, we now have a Pay Pal account that you can access on our website. Just click on the Help Link on the first page. www.2ndchancebordercollierescue.org
Hoping all our friends and adopters enjoy these last, precious days of summer.
